

XM is fantastic and is part of the progress of communication. I listen to XM radio and I have Dish Network for my T.V. This is the U.S. of America. You are trying to change all that has been established all of the past years. We are progressing beautifully.

Do No Interfere with our rights and the progress of creativity and insight toward the future. This why this country is known as Free and also known as the best in the world. Look around you and you will see that what you are trying to do has been done in other parts of the world that our troops are dying for to help give these people freedom. I am against what you are trying to do. I am for Satelite radio XM Instant traffic and Weather. I OPPOSE HR 4026.....

Thank You,

Joseph A. Rubino
